PHOTOSHOP SETTINGS:

- Method: *Colour RGB*
- Registration type: *JPEG (maximum quality)*
- During the registration: activate **"Include colour profile"**

Every time you have to prepare a "Print & Bind" book, please check in your personal trade area if a more recent document has been issued. Please follow the instructions carefully. Should you have any doubt, feel free to send us an e-mail containing some files to be checked. If you are using any software different from the specified ones, please contact us.
